

ALL IN FAVOR OF PERMANENT HIGHWAYS

INTEREST DEVELOPED AT THE
MEETING AT CONVENTION
HALL FRIDAY NIGHT — NOTH-
ING BUT PERMANENT ROADS.

The good roads meeting at the convention hall Friday night developed a lot of enthusiasm from the assemblage for good and permanent roads in Carter county. J. W. Krueger presided and the committee appointed at a recent meeting headed by Max Westheimer made their report and stated that the people of Carter county were alive to the necessity of good roads and were ready and willing to vote a bond issue for that purpose. It was advocated that a bond issue of \$100,000 be called and when the board of county commissioners meet tomorrow, they will be presented with a lengthy petition asking that the election be called immediately and that work start as soon as possible.

The question of temporary repairs was discussed and it was decided that two days in this month, to be fixed later, be set aside for road working days in which every man in the county participate.

Max Westheimer, chairman of the committee that reported last night, stated that the sentiment of the country people was for permanent roads, and urged that no delay be tolerated to this end. Some opposition to the bond issue was developed, but when it was demonstrated that the added tax to the one who opposed the bond issue would be exactly 51 cents, he immediately subsided and stated that he was in favor of good roads.

Commissioner G. W. Young was present and made a rousing good roads speech. He stated that he was heart

and soul with the good roads movement, that he was in favor of nothing but permanent roads and that all he asked the people of the county to do was to vote money for this purpose and he would see to it personally that it was equitably and justly expended all over the county. Col. Sidney Suggs, ex state highway commissioner, addressed the meeting and urged the people to build permanently if they only constructed one mile of road, "make the road permanent and you will give the tax payers value received for their money," urged Col. Suggs, and his remarks met with hearty response from every tax payer present. The meeting last night was more largely attended by the country people than by people from the city and they were heartily in favor of every sentiment expressed. It is proposed to organize a systematic campaign for the bond issue in the county. On July 11, the annual meeting of the county school boards and patrons will be held in every school district of the county, and the committee propose to have a speaker for the bond issue present to address the people on the most important subject of good roads.

Tom Ellis who has built more roads in Carter county in the past few years than any other man, addressed the meeting favoring the movement. A. P. Jones, prominent merchant of Provenance was another who was heartily in favor of the plan suggested, and T. J. Pollock of this city who has farmland in the western part of the county, was emphatic in his assertion that he would help put the bond question for good roads through.

The tax payers of the city and county are thoroughly alive to the importance of this issue, and it is anticipated that there will be but little opposition developed by those who are opposed to a bond issue for any purpose whatever.

Charles Burns, county commissioner of Marshall county, was present and delivered a rousing good roads speech urging the citizens to get behind this movement and build permanent roads at any sacrifice necessary.

Indian Mission Conference Ends.
Lawton, Okla., July 1.—The conference of missionaries and English-speaking Indians closed today at the Reformed Church Mission, two miles north of Lawton. The object of the conference was to effect a permanent organization of an interdenominational character, which shall meet annually. This was done and the following are the officers elected: The Rev. F. H. King, Baptist, of Watonga, president; the Rev. Albert Classen, Mennonite, of Cantonment, vice president; the Rev. R. H. Harper, Reformed church of Lawton, secretary, treasurer.

PEOPLE MUST OBSERVE RULES OF THE ROAD

GIVE HALF OF RIGHT OF WAY IS
ALL AUTOMOBILE DRIVERS
ASK OF TEAMSTERS IN THE
COUNTRY.

Nearly every day some one comes to the Ardmore office and registers a kick against the practice that certain teamsters have of ignoring signals and refusing to turn out half way for automobiles to pass their vehicles, oftentimes compelling the driver of an auto to trail in a veil of dust until the roads of sufficient width to allow him to pass. This has been reported several times, and for the benefit of autoists the law governing the case is herewith reproduced that it may have the effect of making some of the "road hogs" sit up and take notice.

A fine, plastered to a few of this breed, in each precinct of the county might have the effect of teaching the rest that because a man has been so fortunate as to own a car he should not be looked upon as a plutocrat by some who take a fiendish delight in blocking the road when they have the shadow of an opportunity, and unless the practice is abandoned the chances are that they will have a chance to hear the law read to them in the court house. Following are the statutory rules of the road as enacted by the fifth Oklahoma legislature:

Sec. 11. Rule 1. Vehicles in meeting each other shall keep to the right of the center of the road.

Rule 2. All vehicles overtaking others, shall, in passing keep to the left of the center of the road, and shall not pull over to the right until entirely clear of the vehicle passed.

Rule 3. All vehicles turning to the right into another road shall turn the corner as near the curb as practicable.

Rule 4. All vehicles turning to the left into another road shall pass beyond the center of the intersecting road before turning.

Rule 5.—All vehicles crossing from one side of the street to the other, shall do so by turning to the left, so as to go in the same direction as the traffic on each side of the street.

Rule 6. All motor vehicles before passing other vehicles from the rear shall give notice of approach by a horn or other signal before passing; provided, that said vehicle shall be required when signaled to turn to one side and give half the road.

Rule 7. At intersecting roads or streets, vehicles approaching from the

right shall have the right of way over those approaching from the left. United States mail, fire apparatus, ambulances, police patrols and vehicles of physicians when so designated, shall have right of way in any street or road and through any procession.

Rule 8. PUNISHMENT. Any person violating any of these rules shall

YOU are spending the evening "out" taking a vacation.

You leave behind all that you hold precious, including the keepsakes, valuable papers, silver, jewelry, wearing apparel and money. The shutters and doors are fastened, and all is well (so you think).

While you are away, something is transpiring within your home. The burglar laughs at locks and fasteners. Dressing table and chiffonier are ransacked; sideboard and silver chest rifled, the cherished treasures of years are gone in an hour—probably beyond recovery. (Four burglaries to every fire, statistics show).

The only real protection is burglary insurance—the infallible lock is an "F. & Co." burglary insurance policy.

When you hold an "F. & Co." policy and a burglary or theft is committed, your loss is made good to its actual money value, and, in addition, every effort is made to recover the stolen articles.

You will want one when you know the rates and particulars, and you can get one quickly by phoning 1041.

A Fine Aid For Mother-to-be

We are all greatly indebted to those who tell their experiences. And among

the many things which we read about and are of immediate importance to the expectant mother, is a splendid external remedy called "Mother's Friend." This is applied over the muscles of the stomach. It is deeply penetrating in its influence. Mothers everywhere tell of its soothing effect, how it allays pains incident to stretching of cords, ligaments and muscles. They tell of restful comfort, of calm, peaceful nights, an absence of those distresses peculiar to the period of expectancy, relief from morning sickness, no more of that apprehension with which so many young women's minds become burdened. It is a splendid help. Get a bottle of "Mother's Friend" from your nearest druggist. Ask your husband to get it for you. Then write to Bradfield Regulator Co., 408 Lamar Bldg., Atlanta, Ga., for a very handsome and instructive book. It is filled with suggestive ideas of great help to all women interested in the subject of maternity. And best of all are some letters from mothers that are real inspirations. Write today.
